CURRENT TIER: **SUBSTANTIAL (TIER 2)**

Daily COVID-19 Positive Cases per 100,000

4.7

(7-Day Average with 7-Day Lag)

Testing Positivity Percent

3.9%

(7-Day Average with 7-Day Lag)

Tier Framework Metrics

County Risk Level*	Daily New Cases (per 100k)** (7-day average w/ 7-day lag)	Positive Tests (7-day average w/ 7-day lag)
WIDESPREAD Tier 1	>7 new daily cases (per 100k)	>8%
SUBSTANTIAL Tier 2	4 - 7 new daily cases (per 100k)	5 - 8%
MODERATE Tier 3	1 - 3.9 new daily cases (per 100k)	2 - 4.9%
MINIMAL Tier 4	<1 new daily cases (per 100k)	<2%

*Counties are assigned a tier based on two metrics: test positivity and case rate. The case rate is adjusted based on testing volume per 100,000 population as described below. Due to variability in data, this adjustment does not apply to small counties (defined as those with a population less than ~100,000 residents)

- Calculated as the case rate multiplied by a case rate adjustment factor that is based on the difference between the county testing volume (testing volume, tests per 100,000 per day, described below) and the median testing volume calculated across all counties. The median testing volume thus forms an anchor for this adjustment and is recalculated every four weeks to prevent undue fluctuation while remaining sensitive to evolving testing trends.
- For counties with a testing volume above the median, the adjustment factor is less than 1, decreasing in a linear manner from 1.0 to 0.6 as testing volume increases from the anchor point to 2x that value. The adjustment factor remains at 0.6 if the county testing volume is greater than 2x the state median.
- For counties with a testing volume below the state median, the adjustment factor is greater than 1, increasing in a linear manner from 1.0 to 1.4 as county testing volume decreases from the state median to zero.
- The linear adjustment formula can be expressed mathematically as follows:
$$1 - ((\text{county testing rate} - \text{state median testing rate}) / (\text{state median testing rate} - \text{anchor})) * 0.4$$

**Case rate will be determined using cases confirmed by PCR

Moving through the Tiers

Rules of the framework:

- CDPH will assess indicators weekly. The first weekly assessment will be released on September 8, 2020.
- A county will remain in a tier for a minimum of three weeks before being able to advance to a later tier.
- A county can only move forward one tier at a time, even if metrics qualify for a more advanced tier.
- If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned to the more restrictive tier.
- City local health jurisdiction (LHJ) data will be included in overall metrics, and city LHJs will be assigned the same tier as the surrounding county.

Initial step applied on August 28, 2020:

- Each county is assigned to a tier based on an adjusted case rate and test positivity from the prior two reporting periods. If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned the more restrictive tier.
- This tier status will be effective on Monday, August 31, 2020.
- If a county is initially assigned to Purple Tier 1 and has met the criteria for a less restrictive tier the prior week, the county only needs to meet the criteria for a less restrictive tier for one more week to move to the Red Tier 2. (For the September 8, 2020 assignment, a county does not need to remain in the Purple Tier 1 for three weeks. For all subsequent assessments, a county must remain in a tier for three weeks and meet the criteria to advance as described below.)

To advance:

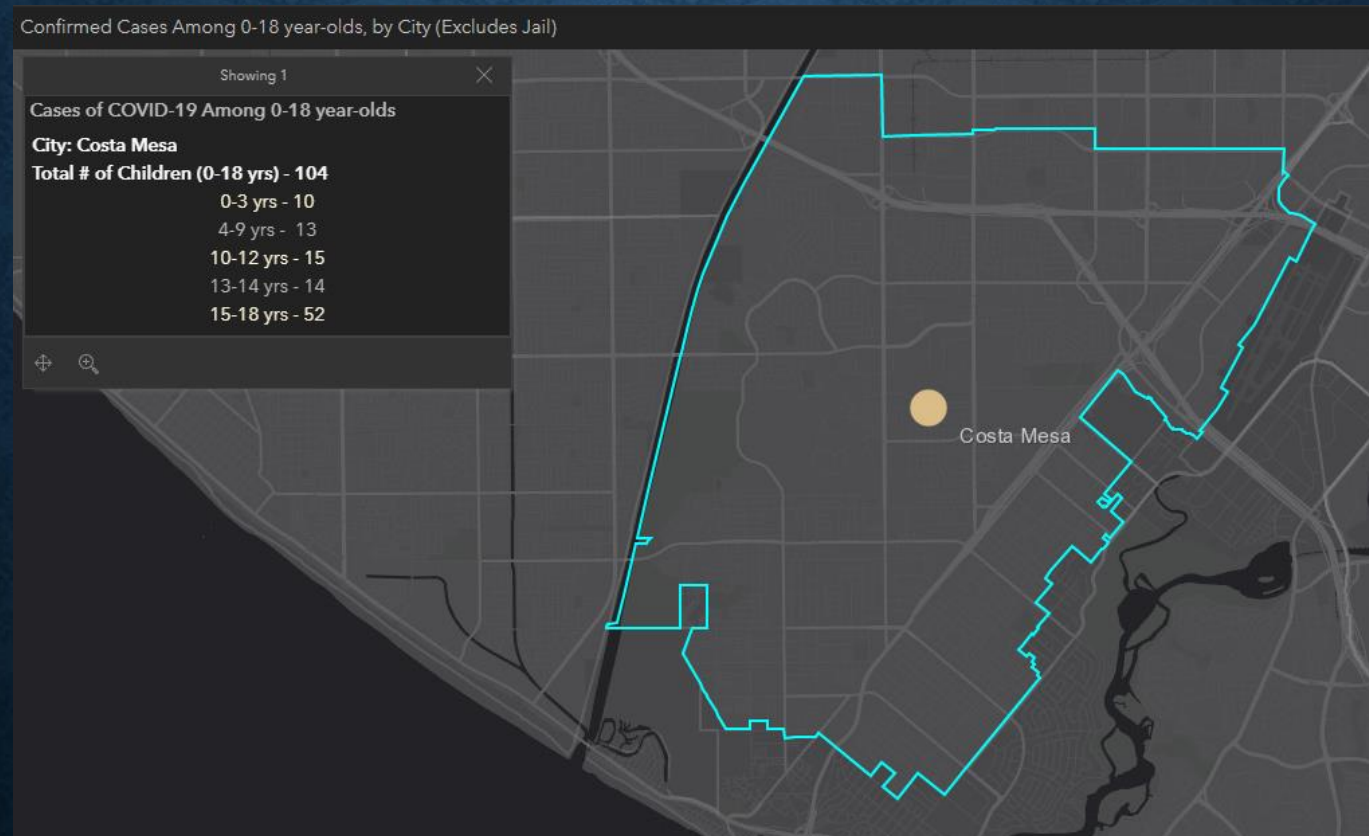

- A county must have been in the current tier for a minimum of three weeks, except as described in the "Initial step applied on August 28, 2020" section above.
- A county must meet criteria for the next tier for both measures for the prior two consecutive weeks in order to progress to the next tier.
- In addition, the state will establish health equity measures on activities such as data collection, testing access, contact tracing, supportive isolation, and outreach that demonstrate a county's ability to address the most impacted communities within a county. Additional measures addressing health outcomes such as case rates, hospitalizations and deaths, will also be developed and tracked for improvement.

New State Framework showing which sectors are open, and with what restrictions, by County (Great tool)

<https://covid19.ca.gov/safer-economy/>

County risk level	New cases	Positive tests
WIDESPREAD Many non-essential indoor business operations are closed	More than 7 daily new cases (per 100k)	More than 8% Positive tests
SUBSTANTIAL Some non-essential indoor business operations are closed	4 - 7 daily new cases (per 100k)	5 - 8% Positive tests
MODERATE Some indoor business operations are open with modifications	1 - 3.9 daily new cases (per 100k)	2 - 4.9% Positive tests
MINIMAL Most indoor business operations are open with modifications	Less than 1 daily new cases (per 100k)	Less than 2% Positive tests

NEW STATE FRAMEWORK - MOVEMENT

Rules of the framework:

- ❖ CDPH will assess indicators weekly. The first weekly assessment will be released on September 8, 2020.
- ❖ A county will remain in a tier for a minimum of three weeks before being able to advance to a later tier.
- ❖ A county can only move forward one tier at a time, even if metrics qualify for a more advanced tier.
- ❖ If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned to the more restrictive tier.

To advance:

- ❖ A county must have been in the current tier for a minimum of three weeks
- ❖ A county must meet criteria for the next tier for both measures for the prior two consecutive weeks in order to progress to the next tier.
- ❖ In addition, the state will establish health equity measures on activities such as data collection, testing access, contact tracing, supportive isolation, and outreach that demonstrate a county's ability to address the most impacted communities within a county. Additional measures addressing health outcomes such as case rates, hospitalizations and deaths, will also be developed and tracked for improvement.

To move back:

- ❖ During the weekly assessment, if a county's adjusted case rate and/or test positivity has been within a more restrictive tier for two consecutive weekly periods, the county must revert to the more restrictive tier.
- ❖ At any time, state and county public health officials may work together to determine targeted interventions or county wide modifications necessary to address impacted hospital capacity and drivers of disease transmission, as needed.
- ❖ Counties will have three days to implement any sector changes or closures unless extreme circumstances merit immediate action.

GUIDANCE FOR CHURCHES

Outdoor Services:

- ❖ Outdoor services held on a religious institution's private property is allowed without a Temporary Use Permit (TUP) subject to the following:
 - ❖ Compliance with State and local COVID guidelines.
 - ❖ Provide a 4-foot-wide pedestrian path of travel for accessibility.
 - ❖ With the exception of speech, amplification is prohibited. Use of smart phones or other similar communication systems is encouraged to avoid amplification.
 - ❖ Outdoor services within 200 feet of a residential zone are prohibited between 7PM and 9AM.
 - ❖ If a tent, canopy, or other structure is proposed, contact the City to apply for a Fire/Building permit.
 - ❖ Outdoor uses expire on December 2, 2020, unless otherwise extended.
 - ❖ If outdoor services will use all or part of a parking lot, please contact the City to obtain a TUP.
 - ❖ The Outdoor Guidance will be in effect regardless of the COVID reopening tier status for the County.

Indoor Services:

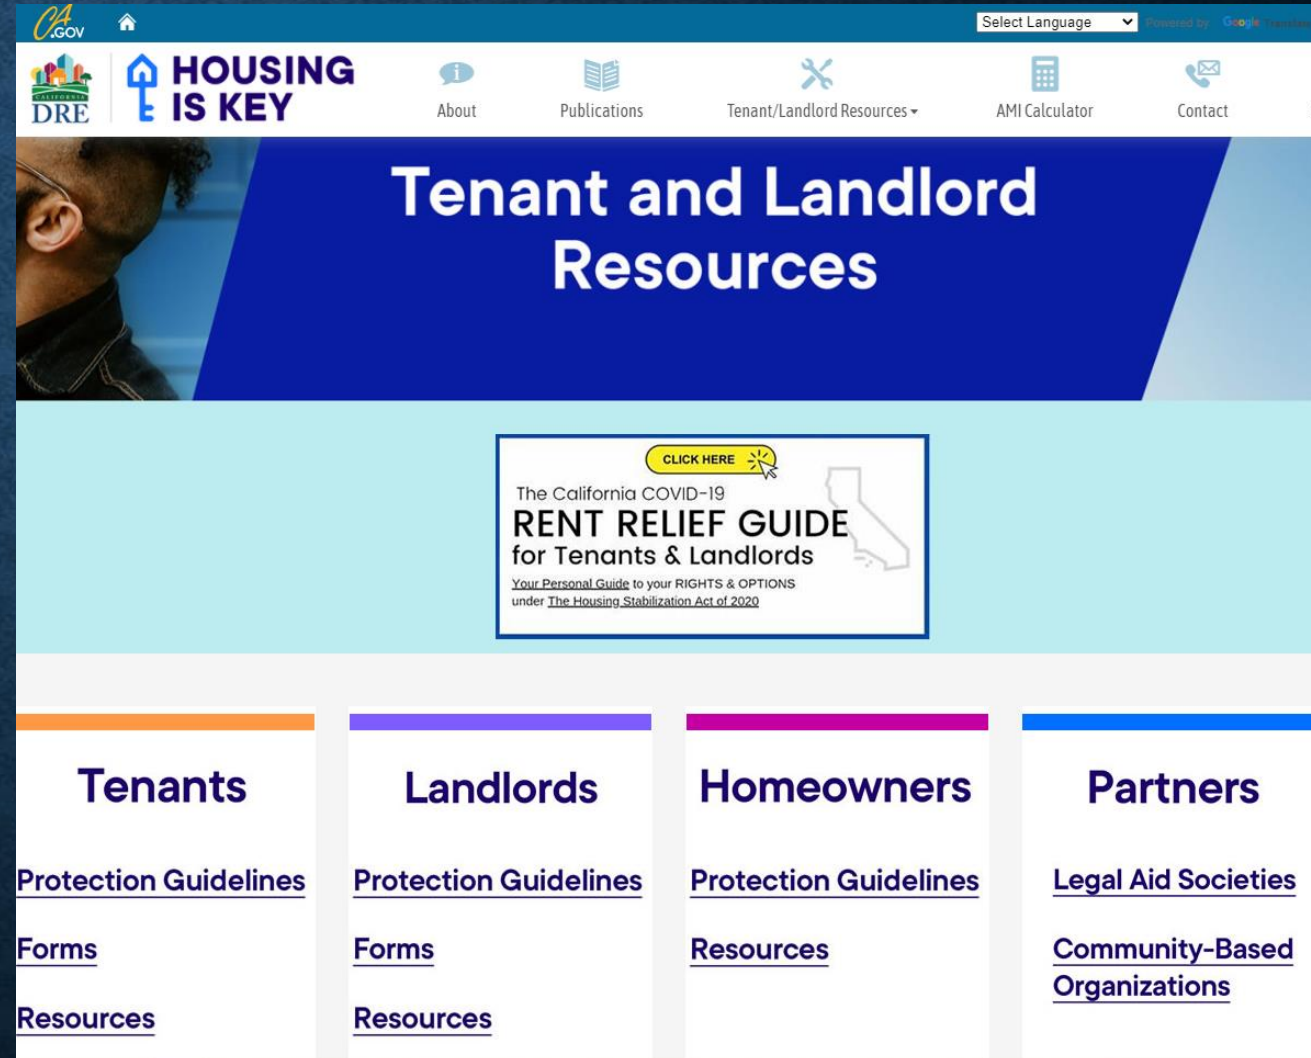

- ❖ Indoor religious services in the “Red Tier” are permitted at 25% of occupancy or 100 people, whichever is less.
- ❖ At “Orange Tier”, services are permitted at 50% occupancy or 200 people, whichever is less.

Park Services:

- ❖ As of 9/16, the County is not permitting cities to open their parks to “gatherings”, including religious services.

WWW.HOUSINGISKEY.COM

- ❖ No COVID-19-Related Evictions Until February 1, 2021
- ❖ Tenants Still Responsible for Paying Unpaid Amounts to Landlords
- ❖ Additional Legal and Financial Protections for Tenants
 - ❖ https://landlordtenant.dre.ca.gov/tenant/protection_guidelines.html
- ❖ Statewide Consistency and a Pause on Local Measures
- ❖ Protections for Small Landlords
- ❖ Significantly Increases Penalties on Landlords Who Do Not Follow Court Evictions Process

SUMMARY OF COSTA MESA ACTIONS

- ❖ Supported the County of Orange in deploying the OC Fairgrounds Testing Supersite
- ❖ Authorized a \$100 fine for individuals not wearing facial coverings as required.
- ❖ \$1.97M Small Business Grant Program from County CARES Act. Applications closed July 3.
 - ❖ 137 checks have been sent for over \$1.265 million.
 - ❖ Initial lottery selected 189 businesses out of nearly 400 that applied
- ❖ A Temporary Use Permit (TUP) application for walkways and parking lots is available on the City's website at <https://www.costamesaca.gov/city-hall/city-departments/development-services/planning>.
- ❖ Zoning Code Changes to relax codes for greater physical distancing for restaurants and other businesses and to activate Public Rights of Way on Randolph, 18th St., 19th St.
- ❖ Costa Mesa BAC Website, Call Center, and Shop Local Campaign
- ❖ Uniform signage program for COVID-19-related information
- ❖ Continuing aggressive lobbying efforts at all levels to increase funding for businesses and nonprofits
- ❖ Protected Tenants from Eviction while Safeguarding Landlords' Property Rights. Now through September 30 due to Governor's extension of eviction moratorium.
- ❖ Protecting Residents, Patrons, and Employees from transmission risks while accessing essential services
- ❖ Developed comprehensive COVID-19 business and community resource guides on the City website
- ❖ Conducted Virtual Town Hall Technical Assistance Training for Businesses for SBA Loans
- ❖ Reopened golf courses and certain parks
- ❖ Revised zoning code to allow parking lot drive-thrus

REMINDER: CHECKLISTS MUST BE POSTED IN YOUR WINDOWS

COVID-19 General Checklist for Retail Employers

May 7, 2020

This checklist is intended to help retail employers implement their plan to prevent the spread of COVID-19 in the workplace and is supplemental to the [Guidance for Retail Employers](#). This checklist is a summary and contains shorthand for some parts of the guidance; familiarize yourself with the guidance before using this checklist.

Contents of Written Worksite Specific Plan

- The person(s) responsible for implementing the plan.
- A risk assessment and the measures that will be taken to prevent spread of the virus.
- Training and communication with employees and employee representatives on the plan.
- A process to check for compliance and to document and correct deficiencies.
- A process to investigate COVID-cases, alert the local health department, and identify and isolate close workplace contacts of infected employees until they are tested.

Topics for Employee Training

- Information on [COVID-19](#), preventing spread, and who is especially vulnerable.
- Self-screening at home, including temperature and/or symptom checks using [CDC guidelines](#).
- The importance of not coming to work if employees have a frequent cough, fever, difficulty breathing, chills, muscle pain, headache, sore throat, recent loss of taste or smell, or if they or someone they live with have been diagnosed with COVID-19.
- When to seek medical attention.
- The importance of hand washing.
- The importance of physical distancing, both at work and off work time.
- Proper use of cloth face covers.

Individual Control Measures & Screening

- Symptom screenings and/or temperature checks.
- Encourage workers who are sick or exhibiting symptoms of COVID-19 to stay home.
- Encourage frequent handwashing and use of hand sanitizer.
- Provide disposable gloves to workers using cleaners and disinfectants when required. Consider gloves as a supplement to frequent hand washing for other cleaning tasks such as handling commonly touched items or conducting symptom screening.
- Strongly recommend cloth face covers.
- Close or increase distance between tables/chairs in breakrooms or provide break areas in open space to ensure physical distancing.
- Communicate frequently to customers that they should use face masks/covers.

Cleaning and Disinfecting Protocols

- Perform thorough cleaning in high traffic areas.
- Frequently disinfect commonly used surfaces.
- Clean and sanitize shared equipment between each use.
- Clean touchable surfaces between shifts or between users, whichever is more frequent.
- Equip customer entrances and exits, checkout stations, and customer changing rooms with proper sanitation products, including hand sanitizer and sanitizing wipes, and provide personal hand sanitizers to all frontline staff (e.g., cashiers).
- Ensure that sanitary facilities stay operational and stocked at all times.
- Make hand sanitizer and other sanitary supplies readily available to employees.
- Use products approved for use against COVID-19 on the [Environmental Protection Agency \(EPA\)-approved](#) list and follow product instructions and Cal/OSHA requirements.
- Adjust or modify store hours to provide adequate time cleaning and stocking with physical distancing.
- Provide time for workers to implement cleaning practices before and after shifts, hire third-party cleaning companies.
- Install hands-free devices if possible.
- Encourage the use of debit or credit cards by customers.
- Encourage customers with reusable bags to clean them frequently and require them to bag their own purchases.
- Consider upgrades to improve air filtration and ventilation.

Physical Distancing Guidelines

- Implement measures to physically separate people by at least six feet using measures such as physical partitions or visual cues (e.g., floor markings, colored tape, or signs to indicate to where workers should stand).
- Minimize exposure between cashiers and customers. Where physical distancing cannot be maintained, use barriers such as Plexiglas. Where barriers are not feasible, strongly recommend that employees and customers wear face covers.
- Use signage to remind customers of physical distancing at every opportunity.
- Adjust in-person meetings, if they are necessary, to ensure physical distancing.
- Place additional limitations on the number of workers in enclosed areas to ensure at least six feet of separation.
- Stagger employee breaks, in compliance with wage and hour regulations, to maintain physical distancing protocols.
- Close in-store bars, bulk-bin options, and public seating areas and discontinue product sampling.
- Dedicate shopping hours for seniors and other vulnerable populations.
- Increase pickup and delivery service options such as online ordering for curbside pickup.
- Provide separate, designated entrances and exits.
- Limit the number of in-store customers based on the size of the facility.
- Be prepared to queue customers outside while still maintaining physical distance.
- Encourage and train employees to practice physical distancing during pickup and delivery.
- Make some locations pickup- or delivery-only to minimize physical interaction, if possible.
- Install transfer-aiding materials, such as shelving and bulletin boards, to reduce person-to-person hand-offs where possible. Wherever possible, use contactless signatures for deliveries.
- Expand direct store delivery window hours to spread out deliveries and prevent overcrowding.
- Ask non-employee truck drivers, delivery agents, or vendors who are required to enter retail locations to have their employees follow the guidance of local, state, and federal governments regarding wearing masks.

CITY OF COSTA MESA COVID-19 HIGH POINTS

- ❖ **Face masks are required.**
 - ❖ Don't face a fine, wear a mask.
- ❖ **City Hall new operating hours; remains closed to public.**
 - ❖ Open virtually Mondays – Thursdays, from 8 AM – 5 PM.

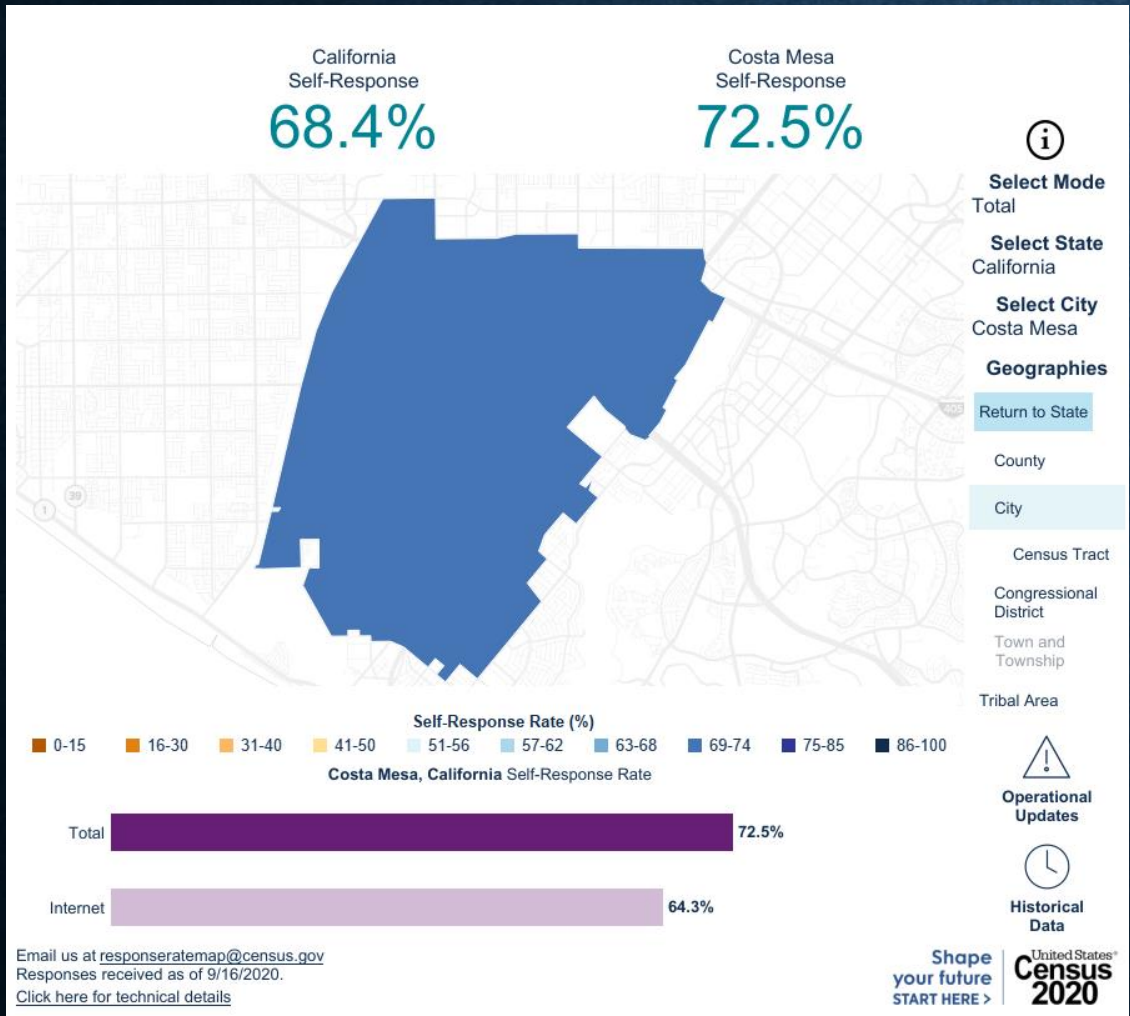

**DON'T FACE A FINE
WEAR A FACE MASK!**

**FACE MASKS ARE REQUIRED BY ORDER OF THE STATE, COUNTY AND CITY.
YOU MAY BE CITED IN COSTA MESA AND FINED PURSUANT TO:**

- California Governor's Executive Order N-25-20
- Government Code § 8567, 8627, 8665,
- California Health and Safety Code sections 10130, 101040, 101470, 120175 & 120130
- Costa Mesa Regulation No. 3 pursuant to Proclamation 2020-01, enforceable pursuant to the provisions of CMMC Title 6, Chapter I, section 6-6 and section 6-9,

REMINDER: CENSUS 2020

How to Identify a Census Taker

- TIME OF THE DAY**
Census taker visits between 9:00 a.m. and 9:00 p.m. local time
- ID BADGE**
Official Census Bureau identification is worn
- VEHICLE IDENTIFICATION**
An "Official Business" is placed on the vehicle
- MASK**
Census taker wears mask and maintains 6 feet social distancing
- SMART DEVICE**
Census taker carries an iPhone/smart device to gather information
